How Do Bands Upload Music?

Create an account and then upload a song-- it's easy!

<http://bandsoup.com/upload.seam>

How Can I Get Featured on Your Blog or a Future Compilation?

The first step is to upload one or more song(s) to the main site. If we enjoy your tunes, then we will write up a blog post. We plan to do many more compilations in the future, so please upload your music and we will contact you if it fits that compilation's theme.

We would love to expand our blog content. Once you have uploaded a song to our main site, we would love to get updates on any new album releases, videos, free downloads, and more. Keep us in the loop! ryan@bandsoup.com

Thank you,
Team BandSoup
